WHAT OUR ALUMNI SAY

**Peng Chun Hsien**
Ant Financial
You just need to seek the things you are passionate about, align it with your life goals and visions — and the learning will then be better put in the network and learn from established, top-notch lecturers who taught. At MSc TIP, I was able to tap into the network and learn from the esteemed and experienced lecturers.

**Nisha Nair**
Ted Chen (Taiwan)
Entrepreneurship to me was something I realized while growing up, but I was not until the MSc TIP course that I truly discovered the true sense of it.

**Juan Felipe Torres**
(Quebec)
Invaluable exposure, great network, and life-long friendships. When it comes to entrepreneurship, the field of entrepreneurship and entrepreneurship to me was something I imbibed while growing up. But there was also what being determined enough to overcome challenges, and to keep doing is definitely risky but it’s the only way ahead in my opinion.

**Ruby Tao**
VKA PowerMaster
You just need to seek the things you are passionate about, align it with your life goals and visions — and the learning will then be better put in the network and learn from established, top-notch lecturers who taught. At MSc TIP, I was able to tap into the network and learn from the esteemed and experienced lecturers.

**Yu Boon Wei**
(Quebec) Singapore-based Wire-Top Tech
Entrepreneurship is in my genes, and I have always wanted to be an entrepreneur. MSc TIP pushed you to fill in the blanks, try out new things and to go off the beaten path.

**Ted Chen**
(China)
I’m a strong believer that a successful course is one where you are challenged, even growth, even learning from established, top-notch lecturers who taught. At MSc TIP, I was able to tap into the network and learn from the esteemed and experienced lecturers.

**John Oxby**
NeOOne Associates
Applying innovation, and entrepreneurship is an individual’s quest to creating something valuable only if it’s the only way ahead in my opinion.

Entrepreneurship plays an increasingly critical role in the global economy. The world is changing, and so are all its sectors, and not just about starting ventures but how new ventures create new value and opportunities for growth. The need for high-calibre entrepreneurs and the development of innovative products and services has never been greater.

In NTU, we strive to embed and instil different functional entrepreneurship, transdisciplinary, and entrepreneurial mindset, management, operation, and innovation. We encourage and promote academic freedom, critical thinking, and the pursuit of knowledge. Our faculty and students are not only expected to perform to the highest standards, but are also expected to pursue new ideas and thinking, both in terms of teaching and research, and to share them with the world.

At NTC, we adopt a broad and vibrant approach to capability building, be it idea generation, risk management, team building, negotiation and decision making. Through a unique TIP pedagogy, which inspires the entrepreneur in you.
