**Visiting Faculty Application for Participation  
2013 Program  
Singapore**

**Description:** Ideal candidates for Visiting Faculty should be high achieving faculty members with the education (a masters or Ph.D.) and experience (at least one year) to teach a topic or topics relevant to the development of new entrepreneurs, innovation, or the creation of new enterprises; demonstrated excellence in their studies and teaching performance to date; are fluent in the written and verbal use of the English language; are prepared to respect confidentiality and adhere to non-disclosure agreements; be free from home country research and teaching obligations; and have the intellectual ability and quality of character to effectively participate in the Program. Special consideration will be given to those who have experience as entrepreneurs or in business.

In addition to the information requested below, please attach a one page statement of objectives that highlights your commitment to teaching entrepreneurship, a copy of current course syllabi, along with a current resume. In addition, please request 2 letters of recommendation, preferably from those familiar with your education and/or teaching abilities. You are also requested to provide a letter from the rector at your university that attests to the availability of opportunities to implement new courses or other initiatives to promote entrepreneurship on your campus.

**Name (and preferred title)**

**Preferred mailing and e-mail address**
